Case No.23-1827M(NJ)

WARRANT BY TELEPHONE OR OTHER RELIABLE ELECTRONIC MEANS

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search and seizure
of the following person or property located in the _____ District of _____

(identify the person or describe the property to be searched and give its location):

See Attachment A.

I find that the affidavit(s), or any recorded testimony, establish probable cause to search and seize the person or property
described above, and that such search will reveal (identify the person or describe the property to be seized):

See Attachment B.

YOU ARE COMMANDED to execute this warrant on or before November 2, 2023 (not to exceed 14 days)

☐ in the daytime 6:00 a.m. to 10:00 p.m. ☒ at any time in the day or night because good cause has been established.

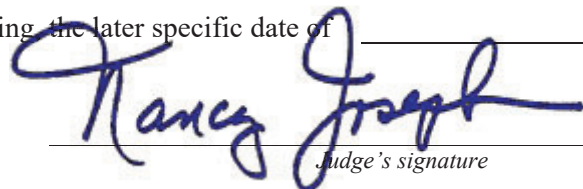

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the
person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the
property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory
as required by law and promptly return this warrant and inventory to Hon. Nancy Joseph

(United States Magistrate Judge)

☒ Pursuant to 18 U.S.C. § 3103a(b), I find that immediate notification may have an adverse result listed in 18 U.S.C.
§ 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose
property, will be searched or seized (check the appropriate box)

☒ for 30 days (not to exceed 30) ☐ until, the facts justifying the later specific date of _____

Date and time issued: 10/19/2023 @10:47 a.m.

Judge's signature

City and state: Milwaukee, WI

Honorable Nancy Joseph, U.S. Magistrate Judge

ATTACHMENT A

Property to Be Searched

Records and information associated with the cellular device assigned **262-233-3622** (referred to herein and in Attachment B as “the Target Cell Phone”), with listed subscriber(s) unknown that is in the custody or control of T-MOBILE/METRO PCS (referred to herein and in Attachment B as the “Service Provider”), a wireless communications service provider that is headquartered at 4 Sylvan, Parsippany, NJ 07054

ATTACHMENT B

Particular Things to be Seized

I. Information to be Disclosed by the Provider

To the extent that the information described in Attachment A is within the possession, custody, or control of the Service Provider, including any information that has been deleted but is still available to the Service Provider or that has been preserved pursuant to a request made under 18 U.S.C. § 2703(f), the Service Provider is required to disclose to the government the following information pertaining to the Account listed in Attachment A:

- a. The following subscriber and historical information about the customers or subscribers associated with the Target Cell Phone for the time period August 15, 2023, to the date of this warrant:
 - i. Names (including subscriber names, usernames, and screen names);
 - ii. Addresses (including mailing addresses, residential addresses, business addresses, and e-mail addresses);
 - iii. Local and long-distance telephone connection records;
 - iv. Records of session times and durations, and the temporarily assigned network addresses (such as Internet Protocol (“IP”) addresses) associated with those sessions;
 - v. Length of service (including start date) and types of service utilized;
 - vi. Telephone or instrument numbers (including MAC addresses, Electronic Serial Numbers (“ESN”), Mobile Electronic Identity Numbers (“MEIN”), Mobile Equipment Identifier (“MEID”); Mobile Identification Number (“MIN”), Subscriber Identity Modules (“SIM”), Mobile Subscriber Integrated Services Digital Network Number (“MSISDN”); International Mobile Subscriber Identity Identifiers (“IMSI”), or International Mobile Equipment Identities (“IMEI”);
 - vii. Other subscriber numbers or identities (including the registration Internet Protocol (“IP”) address); and
 - viii. Means and source of payment for such service (including any credit card or bank account number) and billing records.

- ix. All records and other information (not including the contents of communications) relating to wire and electronic communications sent or received by the Target Cell Phone, including:
 - (A) the date and time of the communication, the method of the communication, and the source and destination of the communication (such as the source and destination telephone numbers (call detail records), email addresses, and IP addresses); and
 - (ii) information regarding the cell tower and antenna face (also known as “sectors” through which the communications were sent and received) as well as per-call measurement data (also known as “real-time tool” or “RTT”)].
- b. Information associated with each communication to and from the Target Cell Phone for a period of 30 days from the date of this warrant, including:
 - i. Any unique identifiers associated with the cellular device, including ESN, MEIN, MSISDN, IMSI, SIM, or MIN;
 - ii. Source and destination telephone numbers;
 - iii. Date, time, and duration of communication; and
 - iv. All data about the cell towers (i.e., antenna towers covering specific geographic areas) and sectors (i.e., faces of the towers) to which the Target Cell Phone will connect at the beginning and end of each communication as well as per-call measurement data (also known as “real-time tool” or “RTT”).

The Court has also issued an order pursuant to 18 U.S.C. § 3123, dated today, for such information associated with the Target Cell Phone.

- c. Information about the location of the Target Cell Phone for a period of 30 days, during all times of day and night. “Information about the location of the Subject Phone” includes all available E-911 Phase II data, GPS data, latitude-longitude data, and other precise location information.
 - i. To the extent that the information described in the previous paragraph (hereinafter, “Location Information”) is within the possession, custody, or control of the Service Provider, the Service Provider is required to disclose the Location Information to the government. In addition, the Service Provider must furnish the government all information, facilities, and technical assistance necessary to accomplish the collection of the Location Information unobtrusively and with a minimum of interference with the

Service Provider's services, including by initiating a signal to determine the location of the Target Cell Phone on the Service Provider's network or with such other reference points as may be reasonably available, and at such intervals and times directed by the government. The government shall compensate the Service Provider for reasonable expenses incurred in furnishing such facilities or assistance.

- ii. This warrant does not authorize the seizure of any tangible property. In approving this warrant, the Court finds reasonable necessity for the seizure of the Location Information. *See* 18 U.S.C. § 3103a(b)(2).

II. Information to be Seized by the Government

All information described above in Section I that will assist in the location of James CRAWFORD who is wanted for the crimes: Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a) , since June 27, 2023, including, but not limited to, information pertaining to the following matters:

Law enforcement personnel (who may include, in addition to law enforcement officers and agents, attorneys for the government, attorney support staff, agency personnel assisting the government in this investigation, and outside technical experts under government control) are authorized to review the records produced by the Service Provider in order to locate the things particularly described in this Warrant.

UNITED STATES DISTRICT COURT

for the
Eastern District of Wisconsin

In the Matter of the Search of

(Briefly describe the property to be searched
or identify the person by name and address)

Case No.23-1827M(NJ)

Information about the location of the cellular telephone
assigned call number 262-233-3622, whose service provider is
T-MOBILE/METRO PCS, as further described in Attachment A

APPLICATION FOR A WARRANT BY TELEPHONE OR OTHER RELIABLE ELECTRONIC MEANS

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property (identify the person or describe the property to be searched and give its location):

See Attachment A.

located in the _____ District of _____, there is now concealed (identify the person or describe the property to be seized):

See Attachment B.

The basis for the search under Fed. R. Crim. P. 41(c) is (check one or more):

- ☐ evidence of a crime;
☐ contraband, fruits of crime, or other items illegally possessed;
☐ property designed for use, intended for use, or used in committing a crime;
☒ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section	Offense Description
21 U.S.C. §§ 841(a)(1); (b)(1) (C); 846; and 843(b)	Distribution; Conspiracy to possess with the intent to distribute controlled substances; Use a Communication Facility to Distribute Controlled Substances; and Aiding and Abetting.
18 U.S.C. § 2(a)	

The application is based on these facts:

See Attached Affidavit.

☒ Continued on the attached sheet.

☒ Delayed notice of 30 days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

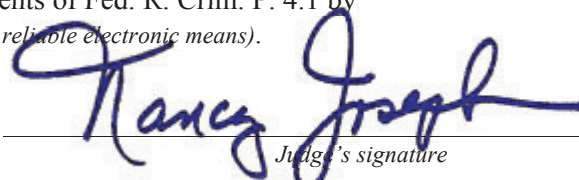

Applicant's signature

Clinton Blauser, USMS Deputy

Honorable Nancy Joseph, U.S. Magistrate Judge

**AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT**

I, Deputy U.S. Marshal (DUSM) Clinton Blauser, being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application for a search warrant under Federal Rule of Criminal Procedure 41 and 18 U.S.C. §§ 2703(c)(1)(A), for information about the location of the cellular telephone assigned call number **262-233-3622**, (the “Target Cell Phone”), whose service provider is T-MOBILE/METRO PCS (“Service Provider”), a wireless telephone service provider headquartered at 4 Sylvan, Parsippany, NJ 07054. The Target Cell Phone is described herein and in Attachment A, and the location information to be seized is described herein and in Attachment B.

2. In this application, the United States seeks (1) historical cell-site location information; (2) historical precision location information; (3) prospective, real-time cell-site location information; (4) prospective, real-time precision location information (i.e., E-911 Phase II data and GPS); and (5) subscriber information and other historic non-content records and information.

3. Because this warrant application seeks the prospective collection of information, including cell-site location information, that may fall within the statutory definitions of information collected by a “pen register” and/or “trap and trace device,” *see* 18 U.S.C. § 3127(3) & (4), I also make this affidavit in support of an application by the United States of America for an order pursuant to 18 U.S.C §§ 3122 and 3123, authorizing the installation and use of pen registers and trap and trace devices (“pen-trap devices”) to record, decode, and/or capture dialing, routing, addressing, and signaling information associated with each communication to

or from the Target Cell Phone.

4. I am a Deputy U.S. Marshal with the United States Marshals Service and have been employed with the Agency for over 12 years. Prior to that, I spent three years working for the Allen County Sheriff's Department in Allen County, Indiana, as a Police Officer and a Confinement Officer. As part of my duties in my current position, I conduct investigations to locate federal and state fugitives. I am an investigator or law enforcement officer of the United States within the meaning of 18 U.S.C. Section 2510(7), in that I am empowered by law to conduct investigations.

5. The facts in this affidavit come from my training and experience, my review of documents and information obtained from other agents. This affidavit is intended to show merely that there is probable cause for the requested warrant and does not set forth all of my knowledge about this matter.

6. Based on the facts set forth in this affidavit, there is probable cause to believe that James CRAWFORD, Jr., committed the crimes of Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a). CRAWFORD was charged with Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a) in United States v. James E. Crawford, Jr, Case No. 23-CR-15 by

superseding Indictment on June 27, 2023. On June 27, 2023, an arrest warrant was issued for CRAWFORD, which remains active.

7. There is also probable cause to believe that the location information described in Attachment B will assist law enforcement in arresting CRAWFORD who is a “person to be arrested” within the meaning of Federal Rule of Criminal Procedure 41(c)(4).

JURISDICTION

8. The court has jurisdiction to issue the proposed warrant because it is a “court of competent jurisdiction” as defined in 18 U.S.C. § 2711. Specifically, the Court is a district court of the United States that has jurisdiction over the offense being investigated, see 18 U.S.C. § 2711(3)(A)(i).

PROBABLE CAUSE

9. The United States Marshals Service, is conducting a fugitive investigation of James CRAWFORD, JR. (DOB: XX/XX/1989) regarding possible violations Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a)11.

10. The investigation revealed that CRAWFORD was possibly employed by Health Span located at 5520 West Forest Home Avenue, Milwaukee, Wisconsin. Deputy Blauser contacted Health Span at 5520 West Forest Home Avenue, Milwaukee, Wisconsin and spoke with a staff supervisor regarding CRAWFORD’s employment. According to the staff supervisor, CRAWFORD was employed part-time as a home health care provider. CRAWFORD’s contact number was 262-233-7223 and his emergency contact was his sister,

Jamesha Crawford at 414-501-6491.

11. On September 12, 2023, investigators obtained subscriber information and historical tolls for the telephone number 262-233-7223. The phone number was owned and operated by T-Mobile and the listed subscriber was Jamesha Crawford. According to the subscriber information, the number was discontinued on August 15, 2023. An analysis of the historical tolls showed the number 262-233-7223 was in communication with Jamesha Crawford at 414-501-6491 and CRAWFORD's mother, Matha Woods at 414-766-8935.

12. On October 10, 2023, investigators obtained historical toll records for Jamesha Crawford's phone number of 414-501-6491, Matha Woods' phone number of 414-766-8935, and CRAWFORD's unidentified top caller's phone number of 414-388-7769. According to the historical toll records, 262-233-7223 stopped communicating with the above-mentioned numbers on August 15, 2023, which was consistent with the information from the subscriber information. On the same date that 262-233-7223 discontinued service, the number **262-233-3622** (Target Cell Phone) began communicating with Jamesha Crawford's phone number of 414-501-6491, Matha Woods' phone number of 414-766-8935, and CRAWFORD's unidentified top caller's phone number of 414-388-7769. Deputy Blauser ran Target Cell Phone through a law enforcement investigative database and the subscriber of the listed phone number came back to Jamesha Crawford. The Target Cell Phone was also owned and operated by T-Mobile.

13. Based off your affiant's experience and training, it is believed that Target Cell Phone is the new number for CRAWFORD. Fugitive's will switch cell phone numbers often however will maintain the same cell phone company for ease of effort. Fugitive's will likely continue the same patterns of communication with family and associates. In this instance, Target Cell Phone's communication had the same pattern as CRAWFORD's last known phone number

of 262-233-7223.

14. Additionally, based on affiant's experience and training, obtaining historical precision location information of the fugitive's telephone does assist in determining the fugitive's patterns and possible locations that the fugitive could be safely detained by law enforcement. Since CRAWFORD has appeared to be using the Target Cell Phone since August 15, 2023, historical information including location information would assist in apprehension of this wanted defendant.

TECHNICAL BACKGROUND

15. Based on my training and experience, I know that Service Provider can collect historical and prospective cell-site data and historical and prospective E-911 Phase II data about the location of the Target Cell Phone, including by initiating a signal to determine the location of the Target Cell Phone on Service Provider's network or with such other reference points as may be reasonably available.

16. In my training and experience, I have learned that Service Provider is a company that provides cellular communications service to the general public. I also know that providers of cellular communications service have technical capabilities that allow them to collect and generate information about the locations of the cellular devices to which they provide service, including cell-site data, also known as "tower/face information" or "cell tower/sector records." Cell-site data identifies the "cell towers" (i.e., antenna towers covering specific geographic areas) that received a radio signal from the cellular device and, in some cases, the "sector" (i.e., faces of the towers) to which the device connected. These towers are often a half-mile or more apart, even in urban areas, and can be 10 or more miles apart in rural areas. Furthermore, the tower closest to a wireless device does not necessarily serve every call made to or from that device.

Accordingly, cell-site data provides an approximate general location of the cellular device.

17. Based on my training and experience, I know that Service Provider can collect cell-site data on a historical and prospective basis about the Target Cell Phone. Based on my training and experience, I know that for each communication a cellular device makes, its wireless service provider can typically determine: (1) the date and time of the communication; (2) the telephone numbers involved, if any; (3) the cell tower to which the customer connected at the beginning of the communication; (4) the cell tower to which the customer was connected at the end of the communication; and (5) the duration of the communication. I also know that wireless providers such as the Service Provider typically collect and retain cell-site data pertaining to cellular devices to which they provide service in their normal course of business to use this information for various business-related purposes.

18. I know that some providers of cellular telephone service, including Service Provider, have technical capabilities that allow them to collect and generate E-911 Phase II data, also known as GPS data or latitude-longitude data. E-911 Phase II data provides relatively precise location information about the cellular telephone itself, either via GPS tracking technology built into the phone or by triangulating on the device's signal using data from several of the provider's cell towers.

19. As discussed above, cell-site data identifies the "cell towers" (i.e., antenna towers covering specific geographic areas) that received a radio signal from the cellular telephone and, in some cases, the "sector" (i.e., faces of the towers) to which the telephone connected. These towers are often a half-mile or more apart, even in urban areas, and can be 10 or more miles apart in rural areas. Furthermore, the tower closest to a wireless device does not necessarily serve every call made to or from that device.

20. I also know that certain wireless providers, such as Service Provider, can provide precision location information, also known as estimated location records or historical handset location data, on both a historical and prospective basis. Each provider refers to its proprietary estimates of a cellular device's location differently. This information, however, is sometimes referred to as geolocation information (PING), Network Event Location System (NELOS) data, Global Positioning System (GPS) data, cell tower triangulation or trilateration, round-trip time, or real-time tool (RTT), per-call measurement data (PCMD), historical E911 data, or precision measurement information.

21. Based on my training and experience, I know that Service Provider also can collect per-call measurement data, which Service Provider also refers to as the "real-time tool" ("RTT"). RTT data estimates the approximate distance of the cellular device from a cellular tower based upon the speed with which signals travel between the device and the tower. This information can be used to estimate an approximate location range that is more precise than typical cell-site data.

22. Accordingly, cell-site data is typically less precise than E-911 Phase II data. Based on my training and experience, I know that the Service Provider can collect E-911 Phase II data about the location of the Target Cell Phone, including by initiating a signal to determine the location of the Target Cell Phone on the Service Provider's network or with such other reference points as may be reasonably available.

23. Based on my training and experience, I know each cellular device has one or more unique identifiers embedded inside it. Depending on the cellular network and the device, the embedded unique identifiers for a cellular device could take several different forms, including an Electronic Serial Number ("ESN"), a Mobile Electronic Identity Number ("MEIN"), a Mobile

Identification Number (“MIN”), a Subscriber Identity Module (“SIM”), a Mobile Subscriber Integrated Services Digital Network Number (“MSISDN”), an International Mobile Subscriber Identifier (“IMSI”), or an International Mobile Equipment Identity (“IMEI”). The unique identifiers – as transmitted from a cellular device to a cellular antenna or tower – can be recorded by pen-trap devices and indicate the identity of the cellular device making the communication without revealing the communication’s content.

24. Based on my training and experience, I know that wireless providers such as the Service Provider typically collect and retain information about their subscribers in their normal course of business. This information can include basic personal information about the subscriber, such as name and address, and the method(s) of payment (such as credit card account number) provided by the subscriber to pay for wireless communication service. I also know that wireless providers such as the Service Provider typically collect and retain information about their subscribers’ use of the wireless service, such as records about calls or other communications sent or received by a particular device and other transactional records, in their normal course of business. In my training and experience, this information may constitute evidence of the crimes under investigation because the information can be used to identify the Target Cell Phone’s user or users and may assist in the identification of co-conspirators and/or victims and assist in locating wanted defendants, like CRAWFORD.

25. In my training and experience, this information may assist in locating the whereabouts of James CRAWFORD, Jr., who is currently wanted for violations of Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of

Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a).

AUTHORIZATION REQUEST

26. Based on the foregoing, I request that the Court issue the proposed warrant, pursuant to 18 U.S.C. § 2703(c) and Federal Rule of Criminal Procedure 41.

27. I further request that the Court direct the Service Provider to disclose to the government any information described in Section I of Attachment B that is within its possession, custody, or control.

28. I also request that the Court direct the Service Provider to furnish the government all information, facilities, and technical assistance necessary to accomplish the collection of the information described in Attachment B unobtrusively and with a minimum of interference with the Service Provider's services, including by initiating a signal to determine the location of the Target Cell Phone on the Service Provider's network or with such other reference points as may be reasonably available, and at such intervals and times directed by the government. The government shall reasonably compensate the Service Provider for reasonable expenses incurred in furnishing such facilities or assistance.

29. I further request, pursuant to 18 U.S.C. § 3103a(b) and Federal Rule of Criminal Procedure 41(f)(3), that the Court authorize the officer executing the warrant to delay notice until 30 days after the collection authorized by the warrant has been completed. There is reasonable cause to believe that providing immediate notification of the warrant may have an adverse result, as defined in 18 U.S.C. § 2705. Providing immediate notice to the subscriber or user of the Target Cell Phone would seriously jeopardize the ongoing investigation, as such a disclosure would give that person an opportunity to destroy evidence, change patterns of behavior, notify confederates, and flee from prosecution. *See* 18 U.S.C. § 3103a(b)(1). As further specified in Attachment B,

which is incorporated into the warrant, the proposed search warrant does not authorize the seizure of any tangible property. *See* 18 U.S.C. § 3103a(b)(2). Moreover, to the extent that the warrant authorizes the seizure of any wire or electronic communication (as defined in 18 U.S.C. § 2510) or any stored wire or electronic information, there is reasonable necessity for the seizure for the reasons set forth above. *See* 18 U.S.C. § 3103a(b)(2).

30. Because the warrant will be served on the Service Provider, who will then compile the requested records at a time convenient to it, reasonable cause exists to permit the execution of the requested warrant at any time in the day or night. I further request that the Court authorize execution of the warrant at any time of day or night, owing to the potential need to locate the Target Cell Phone outside of daytime hours.

ATTACHMENT A

Property to Be Searched

Records and information associated with the cellular device assigned **262-233-3622** (referred to herein and in Attachment B as “the Target Cell Phone”), with listed subscriber(s) unknown that is in the custody or control of T-MOBILE/METRO PCS (referred to herein and in Attachment B as the “Service Provider”), a wireless communications service provider that is headquartered at 4 Sylvan, Parsippany, NJ 07054

ATTACHMENT B

Particular Things to be Seized

I. Information to be Disclosed by the Provider

To the extent that the information described in Attachment A is within the possession, custody, or control of the Service Provider, including any information that has been deleted but is still available to the Service Provider or that has been preserved pursuant to a request made under 18 U.S.C. § 2703(f), the Service Provider is required to disclose to the government the following information pertaining to the Account listed in Attachment A:

- a. The following subscriber and historical information about the customers or subscribers associated with the Target Cell Phone for the time period August 15, 2023, to the date of this warrant:
 - i. Names (including subscriber names, usernames, and screen names);
 - ii. Addresses (including mailing addresses, residential addresses, business addresses, and e-mail addresses);
 - iii. Local and long-distance telephone connection records;
 - iv. Records of session times and durations, and the temporarily assigned network addresses (such as Internet Protocol (“IP”) addresses) associated with those sessions;
 - v. Length of service (including start date) and types of service utilized;
 - vi. Telephone or instrument numbers (including MAC addresses, Electronic Serial Numbers (“ESN”), Mobile Electronic Identity Numbers (“MEIN”), Mobile Equipment Identifier (“MEID”); Mobile Identification Number (“MIN”), Subscriber Identity Modules (“SIM”), Mobile Subscriber Integrated Services Digital Network Number (“MSISDN”); International Mobile Subscriber Identity Identifiers (“IMSI”), or International Mobile Equipment Identities (“IMEI”);
 - vii. Other subscriber numbers or identities (including the registration Internet Protocol (“IP”) address); and
 - viii. Means and source of payment for such service (including any credit card or bank account number) and billing records.

- ix. All records and other information (not including the contents of communications) relating to wire and electronic communications sent or received by the Target Cell Phone, including:
 - (A) the date and time of the communication, the method of the communication, and the source and destination of the communication (such as the source and destination telephone numbers (call detail records), email addresses, and IP addresses); and
 - (ii) information regarding the cell tower and antenna face (also known as “sectors” through which the communications were sent and received) as well as per-call measurement data (also known as “real-time tool” or “RTT”)].
- b. Information associated with each communication to and from the Target Cell Phone for a period of 30 days from the date of this warrant, including:
 - i. Any unique identifiers associated with the cellular device, including ESN, MEIN, MSISDN, IMSI, SIM, or MIN;
 - ii. Source and destination telephone numbers;
 - iii. Date, time, and duration of communication; and
 - iv. All data about the cell towers (i.e., antenna towers covering specific geographic areas) and sectors (i.e., faces of the towers) to which the Target Cell Phone will connect at the beginning and end of each communication as well as per-call measurement data (also known as “real-time tool” or “RTT”).

The Court has also issued an order pursuant to 18 U.S.C. § 3123, dated today, for such information associated with the Target Cell Phone.

- c. Information about the location of the Target Cell Phone for a period of 30 days, during all times of day and night. “Information about the location of the Subject Phone” includes all available E-911 Phase II data, GPS data, latitude-longitude data, and other precise location information.
 - i. To the extent that the information described in the previous paragraph (hereinafter, “Location Information”) is within the possession, custody, or control of the Service Provider, the Service Provider is required to disclose the Location Information to the government. In addition, the Service Provider must furnish the government all information, facilities, and technical assistance necessary to accomplish the collection of the Location Information unobtrusively and with a minimum of interference with the

Service Provider's services, including by initiating a signal to determine the location of the Target Cell Phone on the Service Provider's network or with such other reference points as may be reasonably available, and at such intervals and times directed by the government. The government shall compensate the Service Provider for reasonable expenses incurred in furnishing such facilities or assistance.

- ii. This warrant does not authorize the seizure of any tangible property. In approving this warrant, the Court finds reasonable necessity for the seizure of the Location Information. *See* 18 U.S.C. § 3103a(b)(2).

II. Information to be Seized by the Government

All information described above in Section I that will assist in the location of James CRAWFORD who is wanted for the crimes: Conspiracy with Intent to Distribute and Distribute Oxycodone in violation of Title 21, United States Code, Sections 841(a)(1), 841(b)(1)(C), 846, and Title 18, United States Code, Section 2(a) and Intentionally Use a Communication Facility to Distribute Controlled Substances, in violation of Title 21, United States Code, Section 843(b) and Title 18, United States Code, Section 2(a) , since June 27, 2023, including, but not limited to, information pertaining to the following matters:

Law enforcement personnel (who may include, in addition to law enforcement officers and agents, attorneys for the government, attorney support staff, agency personnel assisting the government in this investigation, and outside technical experts under government control) are authorized to review the records produced by the Service Provider in order to locate the things particularly described in this Warrant.
